DMK Enzyme Therapy

DMK Enzyme Therapy is a customized skin treatment that utilizes specialized enzyme formulations to stimulate natural skin processes, improving oxygenation, circulation, and lymphatic drainage. It enhances cellular regeneration and addresses concerns like acne, aging, pigmentation, and scarring, aiming to restore skin to its optimal state by targeting the underlying causes and not just surface symptoms.

Level 1

DMK Enzyme Therapy boosts circulation, flushes toxins, increases hydration, and treats various skin conditions. Starting at Level 1 initiates your therapy with Enzyme Mask 1 and no pre-treatment.

70 min \$180

Level 2

Level 2 Enzyme Thgerapy includes DMK's award winning Enzyme with additional exfoliation of DMK's advanced removal system to target specific skin conditions.

90 min \$200

Level 3

DMK's Award Wining Enzyme options of Enzyme 1, 2 or 3. With additional x2 exfoliations of DMK's advanced removal system. This is an advanced skin treatment preformed once Level 1 & Level 2 have prepared the skin for this treatment.

100 min. \$230

Level 4

DMK's Enzyme 1, 2 & 3 with muscle banding, pre exfoliations, this treatment is the ultimate in anti-age management. Fresh, bouncy, youthful complexion perfect for special occasion or in a skin program.
